

AUGIS 25th Annual Scientific Meeting, P&J Live Conference Centre, 21 - 23 September 2022

Poster Presentation - Thursday 22 September from 13:05 - 13:45

Exhibition Hall (Conference Suite 1)

For face to face attendees please present yourself at the relevant poster board in the exhibition hall for your poster review.

| Category | Digital Poster Board | Abstract No | Programme No | Title | Presenter |
|------------|-----------------------|-------------|----------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------|
| Bariatrics | Bariatrics and Benign | 40 | BS P01 | Obesity – the last bastion of prejudice and stigma in the NHS? | Vittal Rao |
| Bariatrics | Bariatrics and Benign | 198 | BS P02 | Sleeve gastrectomy and gastric bypass day surgery: outcomes and experience from a single centre | Annalise Katz-Summercorn |
| Bariatrics | Bariatrics and Benign | 203 | BS P03 | Safety of Laparoscopic Cholecystectomy in patients with BMI > 35 kg/m2 without preoperative screening for Obstructive Sleep Apnoea | Shiela Lee |
| Bariatrics | Bariatrics and Benign | 157 | BS P04 | Global Level of Harm experienced by Bariatric Surgeons for Bariatrics surgical interventions: An exploration of predictors | Chandra Cheruvu |
| Bariatric | Bariatrics and Benign | 170 | BS P05V | Laparoscopic repair of internal hernia post Roux-en-Y Gastric Bypass: Our tricks and technique | Ahmed Elshaer |
| Benign UGI | Bariatrics and Benign | 100 | OGBN P02 +C125 | Report of early experience from newly introduced Cytosponge service. | Maitreyi Patel |
| Benign UGI | Bariatrics and Benign | 151 | OGBN P03 | Per oral endoscopic myotomy (POEM) for primary achalasia: single-centre, retrospective analysis of 128 patients | Elena Theophilidou |
| Benign UGI | Bariatrics and Benign | 191 | OGBN P04 | Laparoscopic Cholecystectomy- can we make it both Greener and cheaper? | Agata Strunzova |
| Benign UGI | Bariatrics and Benign | 26 | OGBN P05 | Is there still a role for routine histology in cholecystectomies for benign disease? | Mohammed Hamid |
| Benign UGI | Bariatrics and Benign | 50 | OGBN P06 | Expectant Management Following Endoscopic Sphincterotomy for Choledocholithiasis: Is It Safe? | Naren Kumaran |
| Benign UGI | Bariatrics and Benign | 126 | OGBN P07 | Fenestrating vs Reconstituting - Outcomes following 170 subtotal cholecystectomies | Christophe Thomas |
| Benign UGI | Bariatrics and Benign | 135 | OGBN P08 | Novel technique of Zooming Inside Narrow Orifice (ZINO) could reduce the need for subtotal cholecystectomy and enables intraoperative cholangiography. | Samer Zino |
| Benign UGI | Bariatrics and Benign | 139 | OGBN P09 | Sharing the experience of the use of Spyglass DS - guided electrohydraulic lithotripsy (SG-EHL) in the treatment of large gallstone causing Bouveret syndrome. | Tasnim Kouli |
| Benign UGI | Bariatrics and Benign | 201 | OGBN P10 | Laparoscopic management of cholecystoduodenal and cholecystocolic fistulas: technical considerations and postoperative outcomes. | Khurram Khan |
| Benign UGI | Bariatrics and Benign | 206 | OGBN P11 | Gallbladder polyps: an audit of management in an NHS trust | Amy Frank |
| Benign UGI | Bariatrics and Benign | 57 | OGBN P12 | Minimising the systemic effects of an oesophageal leak following high risk myotomy repair using Prophylactic Endoluminal Vacuum Therapy (EVT) - time for a change? | Ayesha Noorani |
| Benign UGI | Bariatrics and Benign | 227 | OGBN P13 | Management of Bouveret Syndrome: an endoscopic approach | Nyimasata Sanyang |
| Benign UGI | Bariatrics and Benign | 232 | OGBN P14 | The development, introduction and outcomes of an electronic, patient record-based, Morbidity and Mortality (M&M) reporting system. | Graeme Couper |
| Benign UGI | Bariatrics and Benign | 8 | OGBN P15 | Covid-19's impact on delays to elective Cholecystectomy | Charles Picton |
| Benign UGI | Bariatrics and Benign | 27 | OGBN P16 | Pre-operative group and save, is there still a need in the elective and emergency laparoscopic cholecystectomy? | Mohammed Hamid |
| Benign UGI | Bariatrics and Benign | 64 | OGBN P17 | Preoperative scoring system in predicting difficulty in laparoscopic cholecystectomy | Naqqash Adnan |
| Benign UGI | Bariatrics and Benign | 214 | OGBN P18 | Laparoscopic Deroofing of a Liver Cyst | Alison Bradley |
| Benign UGI | Bariatrics and Benign | 107 | OGBN P19 | Tackling a post-COVID-19 cholecystectomy waiting list, are we meeting the challenge? | Mohammed Hamid |
| Benign UGI | Bariatrics and Benign | 136 | OGBN P20 | When Benign Mimics Malignancy | Madhu Chaudhury |
| Benign UGI | Bariatrics and Benign | 149 | OGBN P21 | A complex case of gallbladder and CBD stones treated with Laparoscopic Cholecystectomy and Trans-Cystic lithotripsy using SpyGlass™ Discover post failed ERCP | Jan Sher Khan |
